### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments with respect to claims 1, 3-7, 9-13, and 15-21 have been considered but are moot in view of the new ground(s) of rejection.

***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1, 3-7, 9-13 and 15-21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ortiz et al. ("Ortiz") (WO 02/03892). As shown in Figures 39A-39D Ortiz discloses an annuloplasty device (280) which comprises a band or ring wherein the inner portion (280a) stabilizes an annulus from the inside and an outer portion (280b) stabilizes from outside the vessel.

4. Ortiz further discloses an annuloplasty device comprised of fabric (page 3, line 17) and/or a shape memory alloy (page 5, line 17).

5. Although Ortiz fails to provide a duplicate device which contains identical structure as the aforementioned device MPEP 2144.04 VI B states that "mere duplication of parts has no patentable significance unless a new and unexpected result is produced". Since Applicant has claimed two identical structures wherein each singular structure would be anticipated by the

Art Unit: 3738

prior art of record the inclusion of duplicate structure does not place the instant claims in condition for allowance over the Ortiz reference.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

7. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
